

To whom It may concern,

The Space Beyond, actively suggests a link between the past, the present and the future through the common language of thread and collaborates with Broome Historical Museum. The project brings to life the history of the Japanese people who participated in Broome's Pearling industry.

Shinju Matsuri is happy to lend its support to this project and wish Tomoko well in her application for funding. The project will add creative, artistic and educational content to our Festival, which is a fantastic draw card for locals and visitors alike.

We look forward to hearing of a positive response to their funding application.

Kind regards

Lynne Bunney
President
Shinju Matsuri
