RE: LETTER OF SUPPORT – THE SPACE BEYOND PROJECT

I am writing on behalf of the Shire of Broome to provide support for the 'The Space Beyond' art project, a collaboration between Tomoko Yamada and the Broome Historical Society.

'The Space Beyond' represents a remarkable fusion of traditional craftsmanship and contemporary artistic expression. This transformative installation, slated for the Sailmaker's Shed, promises to deliver a visually striking and intellectually stimulating encounter, seamlessly connecting Broome's illustrious pearling heritage with a modern artistic perspective.

By utilising the historic Sailmaker's Shed as the backdrop for this installation, the project not only pays tribute to Broome's pearling legacy but also breathes new life into a significant architectural landmark within our community.

We are optimistic about the positive impact this project will have on both the local community and visitors to Broome and look forward to supporting Tomoku and the Broome Historical Society.
